MINUTES OF THE REGULAR MEETING OF THE MRAC HELD NOV.,6, 1941

Pres. Kircher called the meeting to order at 8:10PM and there 54 in attendence of whom 34 were members.

The minutes of the previous meeting were approved as corrected.

Ruger went over the details of logging stations worked during the Sweepstakes Contest and again urged the membership to take part, stressing speed and accuracy in compiling logs.

Pres. Kircher introduced several visitors present including: Geo. Pfister, W9izq, Tom Gettleman, W9izo, Mr. Schnieder, W8oyy,and Mr. Kersten ExW9cua now W9job/9.

The speaker of the evening Mr. Don Fairbanks of the IRC Co., gave us a very interesting talk on the evolution of resistors and volume controls. He showed us slides taken during the varios stages of manufacture of volume controls and resistors which proved to be of unusual interest.

Mr. FAIRBANKS also presented to the Club a resistance tester which became a free part of the regular raffle conducted by Felber.

As time precluded the regular raffle the meeting was adjourned at 9:55 PM.

Respectfully submitted,

Reid H. Burrows Secy.
